Comments

Semester 1

Teachers: Frick, Mady and McGown, Amber

Oliver is a wonderful little boy! He sure knows how to bring a smile to anyone around him. We love how he comes in and is ready to take on our day. Oliver loves to play. He can be found building with trains, playing with cars, or playing in the sensory table. Oliver is a good friend and he is always willing to share his great ideas with others during play. Socially, he has made wonderful growth with interacting and playing with his friends. We will continue to help Oliver recognize his feelings and identify his zones of regulation in order to help him in social settings during play. We will also continue to help him find strategies to help him be aware of his body while running and playing, or when waiting in line. Another area we continue to work on with Oliver is making eye contact when talking and also when solving conflict. Oliver has made great growth in the area of knowing when he can be silly, and when it is time to be serious during learning time. Way to go Oliver! Academically, Oliver is doing great! He is holding the pencil the correct way and can write his name with lowercase letters! He is a mathematician and is showing confidence in identifying almost half of the alphabet. We will continue to introduce letters and sounds! We cannot wait to see how Oliver will soar the rest of his PreK year! We are so lucky to be his teachers, we love him!
