Comments

Semester 1

Teachers: Monroe Pagel, Cam and Farrell, Julie

We feel so lucky to have the opportunity to teach Bates again this year. He is a natural leader who is rightfully admired and looked up to by his classmates. We are so proud of how engaged Bates has become as a learner as he continues to amaze us with his poignant observations and incredibly sharp memory. Bates has incredible manners, and we love how he always reminds his peers to say, "Please," and, "Thank You," when necessary. He is learning how to better handle disappointment in the classroom, as he tends to get easily frustrated when things do not go his way. We are working with Bates on using different tools to calm himself during these moments of frustration. Bates is one seriously smart cookie! Academically, his growth has been quite impressive. As you know, he can read most things without taking time to sound out each word, which is an ability of his that initially left us speechless! Bates lacks confidence in understanding the sound that each, individual letter makes in relation to other letters within a word. Continued practice with Haggerty, our phonemic awareness curriculum, will be beneficial for him. We are also continuing to work with him to strengthen his fine motor skills and reinforce top to bottom letter formation. We are so proud of all of Bates growth and development this year and know he will have continued success through the rest of the year. Thank you for being such an incredibly supportive family; we feel so lucky to have all of you for a second year!
